**Many types of crystals
hold specific
intentions to bring
into our lives,
from happiness to
money to love.**

Using crystals in your everyday life
helps you bring these intentions
into reality.

A background image featuring several amethyst crystals. In the top right corner, there is a large, rough cluster of purple crystals. Below it and to the left, there are several individual, faceted amethyst points of varying sizes. The crystals are set against a light-colored, veined marble surface. A semi-transparent white rectangular box is centered over the image, containing text.

**Amethyst's purple
color is also calming
and carries with it the
ability
to return to yourself.**

Using it during your journaling time
helps clarify questions

**White quartz crystals help
with finding negative energy
to release and let go of in
meditation.**

**Citrine is an energy booster. It
fuels creativity and recharges
your Solar Plexus and Sacral
Chakra.**
